Speaker eyes digital age

If you would like to save a few trees and reduce the amount of time volunteers spend delivering the **Champlain Speaker**, please let us know your views. Residents are invited to send their e-mail addresses and their street address to:

champlainspeaker@sympatico.ca

We will begin compiling a list of homes that are on-line. In time, if enough readers are interested, we may shift to an electronic version of the **Speaker**. We are merely investigating at this point, mindful of the sizeable portion of the neighbourhood without home computers.

Caregiver Available Immediately.

This is my first issue as editor of the Champlain Speaker. I can certainly say with some assurance today that Barb, Neil and Sue Robertson have done the work of an army in putting out this small publication. The community owes them sums it can never repay. Thank you, Robertsons all, and the other volunteers who have kept the Speaker so vibrant.

I would like to remind neighbours the Speaker welcomes submissions, written or photographic, and will do its best to use them. At the moment, we are experiencing some software glitches and I apologize if the type faces look a tad jumbled up. We soldier on. There's a reason they call it **hardware**.

You can reach me at 728-1945, by email at lfagan@magma.ca or by snail mail at 197 Daniel Ave., K1Y 0E1.

I plan to introduce some small changes during the coming months and would ask readers to bear with the management during these messy renovations.

Sincerely,
Kelly Egan
