## FRIDAY FEB 3 2017

# SOLIDARITY GATHERING

### What neighbours can do...

If some of our local mosque's neighbours show up about **11:30** to stand outside (should only be about -6° at noon), we'd be part of a global tradition that could bring comfort to people who might appreciate some reassurance right now.

Northwestern Avenue folks have a chance to offer support to the people who attend the mosque on our own street. Pictured are a few examples of what neighbours elsewhere have done for each other.

This **Friday, Feb. 3**, main prayer will start about **12:15**. Starting at **11:30**, we will show our support as people arrive.

For neighbours who come from further off: if you come by car, please park **FAR** away from the mosque! Really, parking is an issue!

The #150 and #151 buses get you right to the doors... the #2 gets you close, and it's only a 10-minute walk from Tunney's Pasture Station!
